Antenora Architects, llp Intern Architect

January 2009
-present Responsible for intern duties but also more advanced tasks. I develop study layouts, detailed computer renders and animations. I work under the principal of the firm but am allowed to pursue certain designs at my own pace.

Texas Tech College of Architecture Graduate Part-time Teaching Instructor

August 2007
- December 2008 A teaching position that demanded competence and confidence from the instructor in order to successfully engage the students and impart digital modeling, rendering and post-process skills.

Austin Gorilla Run 2011 Graphic Designer

Fall 2010
- Spring 2011 I was responsible for almost all graphics that were used for this non-profit event. This included multiple t-shirt, flyer, button and digital media designs.

Jennifer Pavlovich Designs Freelance Work

July 2008 An identity design project for a floral designer. The logo, business cards and website needed to convey her talent in an accessible and clever way.

Web Projects Include:

elpav.com *online photographer portfolio*
